PERSONAL PROFILE:

Sex:	Male
State of Origin:	Anambra
Nationality:	Nigerian
Religion:	Christianity
Marital Status:	Single

OBJECTIVE:

Looking for an entry-level position to start my career where I could utilize my knowledge and training skills for better growth of an organization and promote excellence**.**

WORK EXPERIENCE

❖ **BACKEND ENGINEER AT GREENERATECHNOLOGIES:**

- Worked for greenera technologies as a backend engineer, where I developed REST API responsible for managing and keeping a record of customer details, business owners' details, and activities performed on the system. Rendered it, in a JSON format for use within the frontend using laravel.
- Performed this operation while working with greenera technologies. Back-End Web Development · Database Testing · Back-end Operations · Backend · API Development · Amazon Web Services (AWS) · Amazon EC2

❖ **WEBSITE DEVELOPER [FREELANCE]:**

- Have acquired experience working for people as a freelance, where I manage and develop a new system for them using the PHP framework laravel as my web development tool.
